

LINK

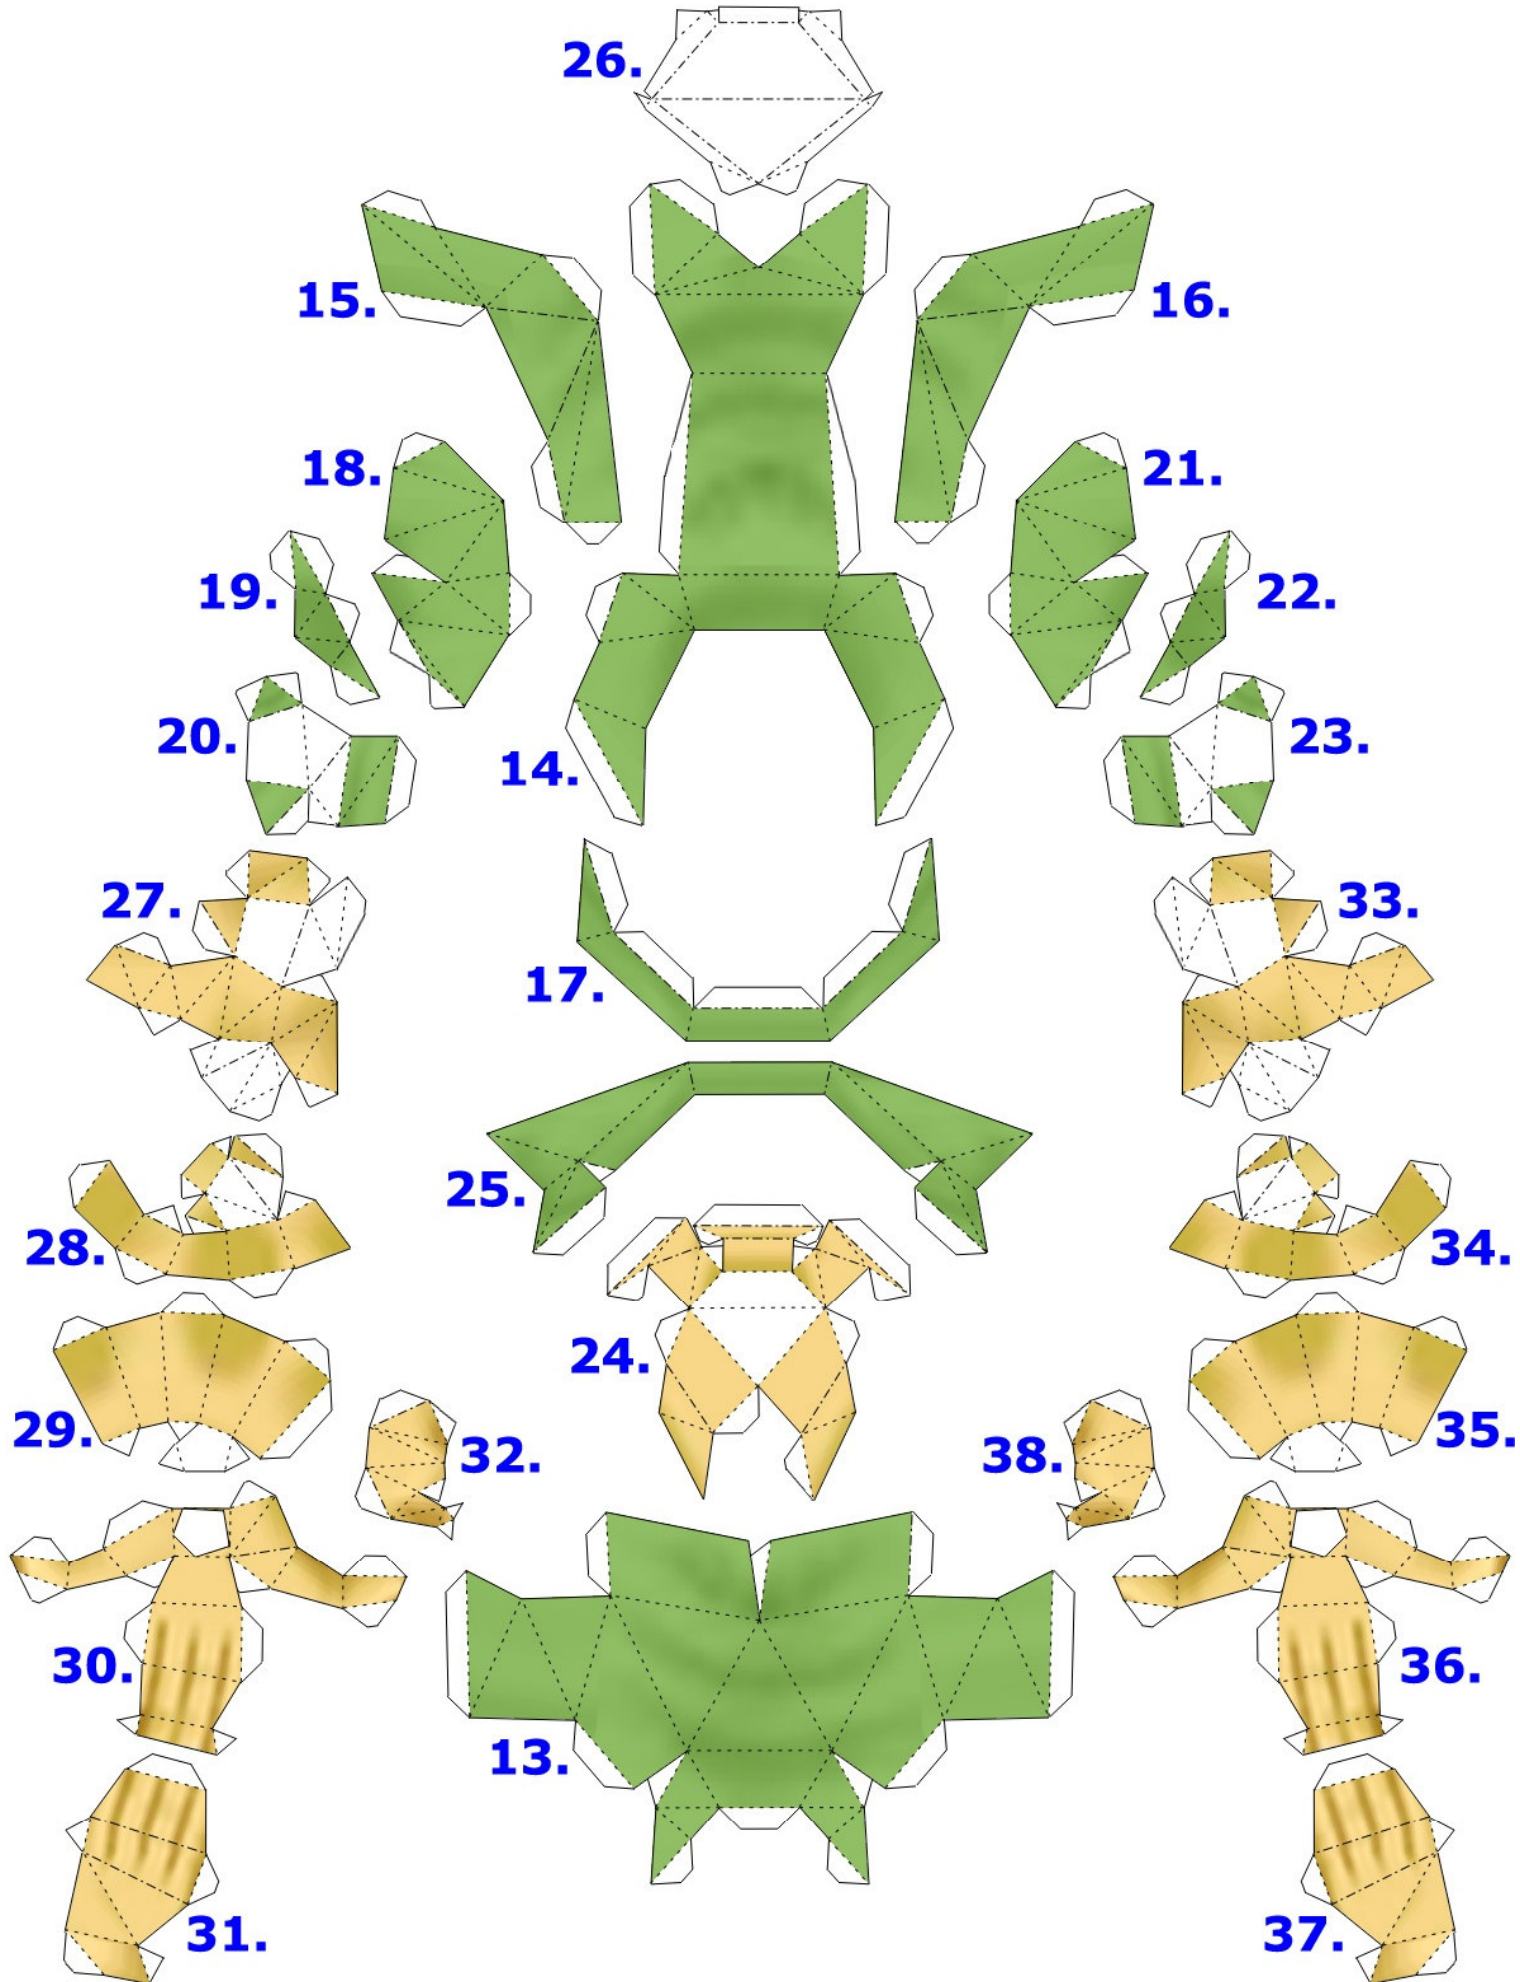

Link is the name of the brave young hero in the Legend of Zelda series. But did you know that the different games star different Links? This Link from Majora's Mask is the same as the one in Ocarina of Time, but in The Wind Waker for example, you play a whole other Link.

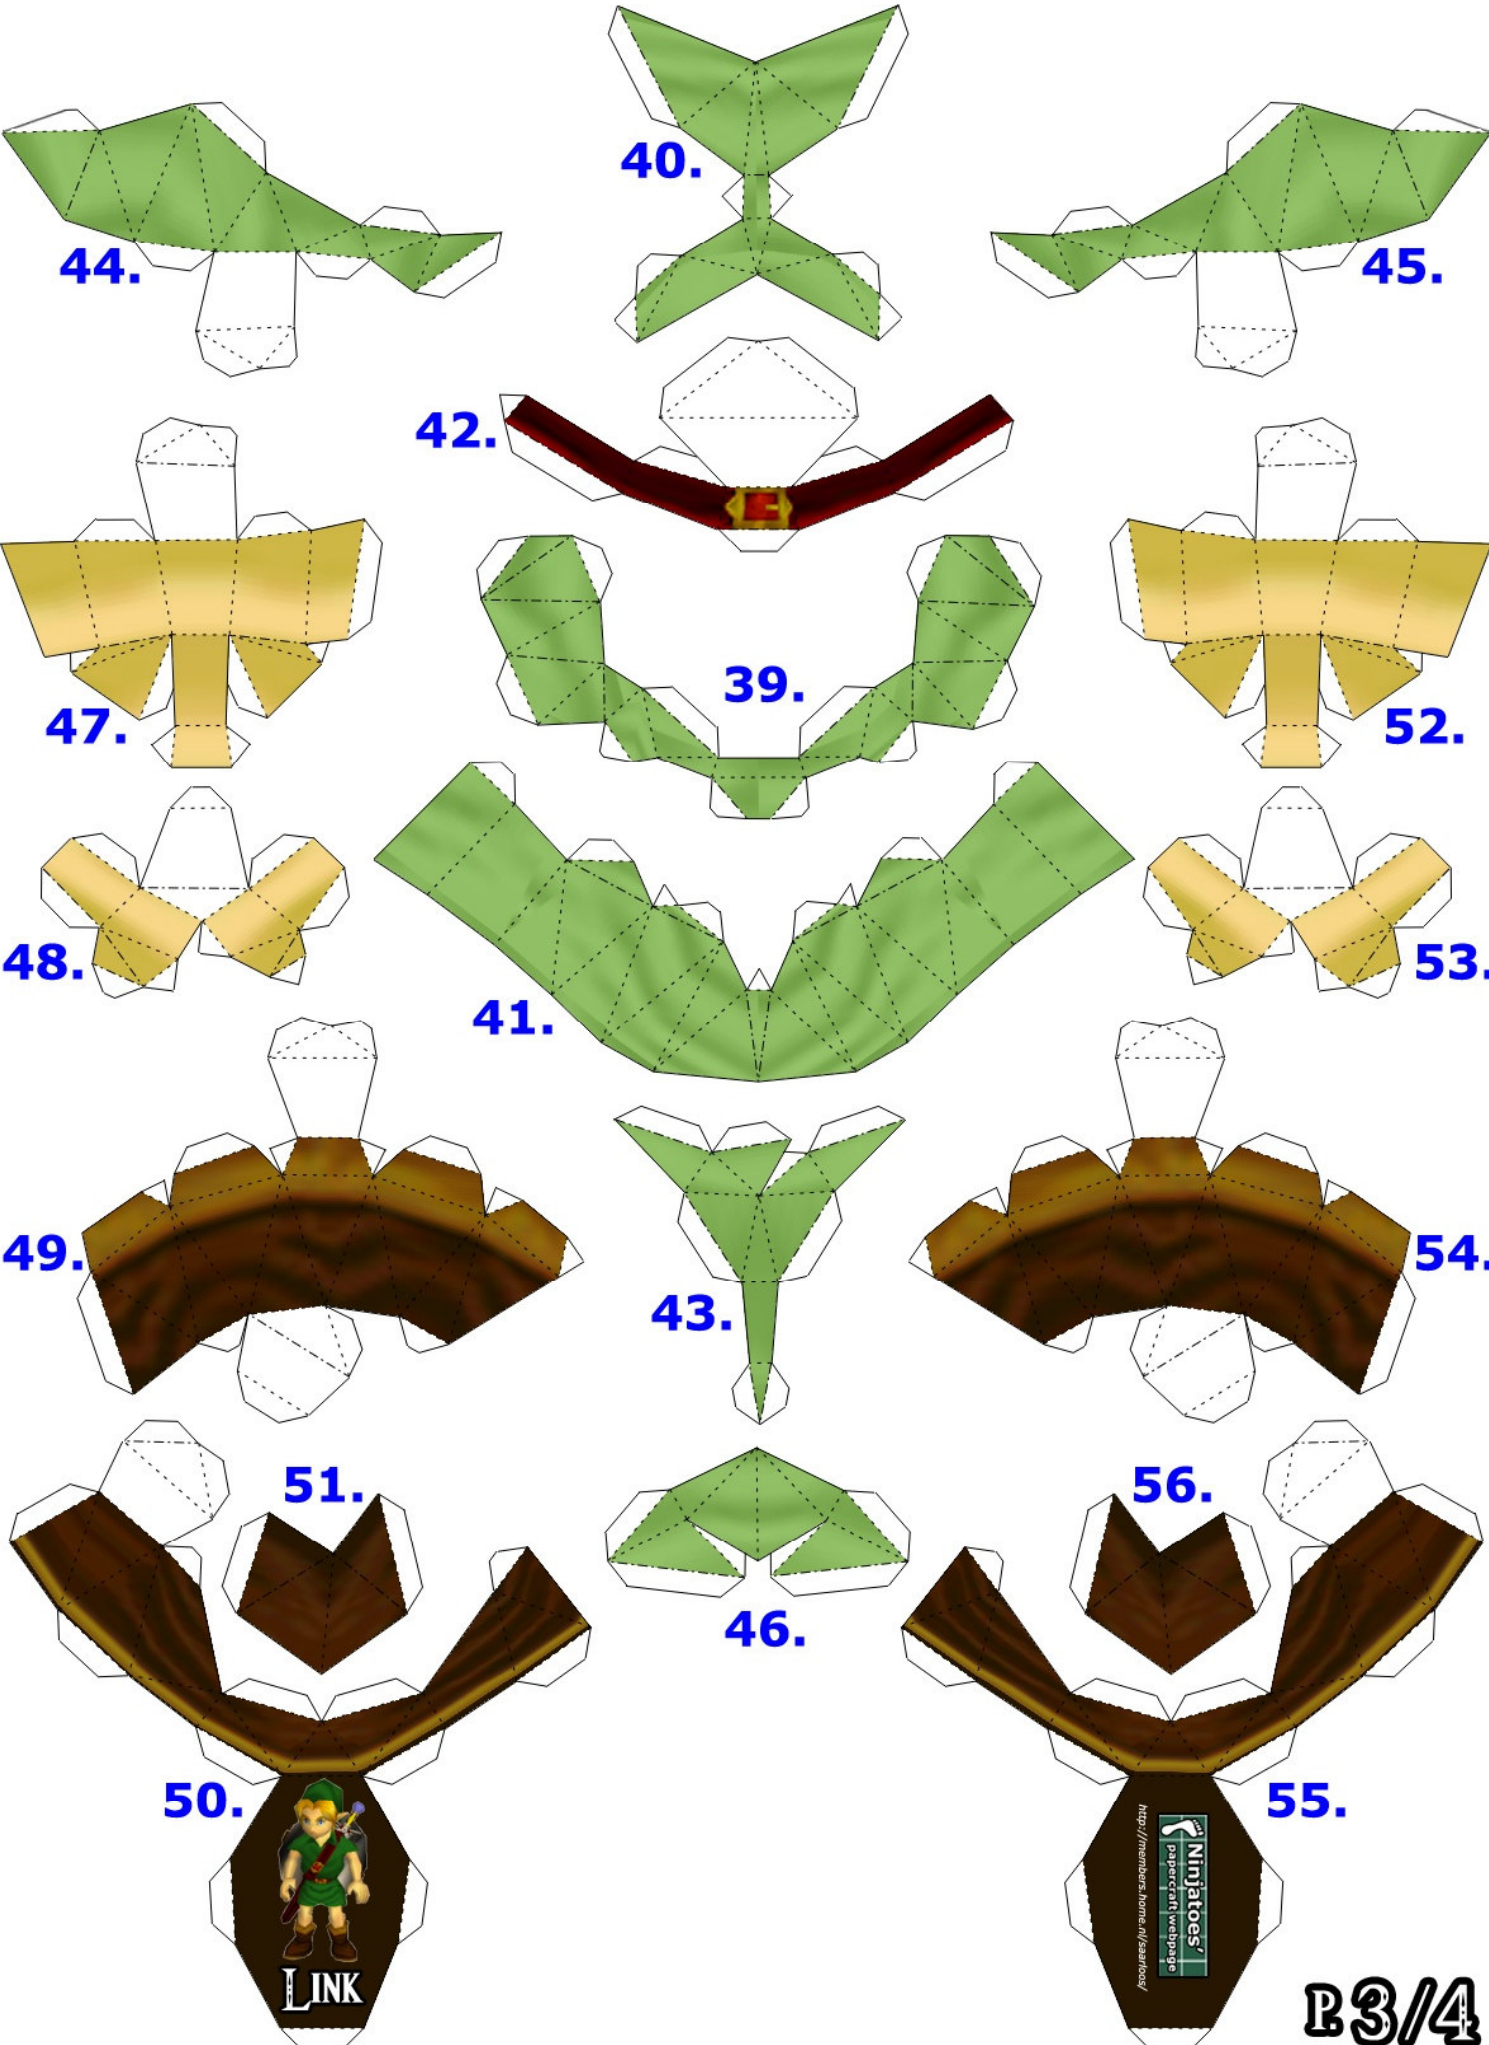

All these Links have one thing in common though: they're usually the only ones that can stop something terrible from happening to the kingdom of Hyrule...

NOTE: this is Ninjatoes' Link version *with* lines. You can use this version to see where you need to fold if you're building the lineless version from <http://members.home.nl/saarloos/>.
